It is for your own safety that we find out as much as possible about your medical history. Your answers will be treated in the strictest confidence and will not necessarily have an adverse effect on your chances of participating. Please advise us in the space below of any condition, past or present, which you think may have a bearing on your ability to take part.

Please be advised that a letter will be required from your doctor or consultant should any doubts arise concerning your health.

Please tick the appropriate box:

- Are you allergic to any drug / medicinal product? Yes No
Are you suffering from or are you a carrier of any infectious disease? Yes No
Are you allergic to any food or drink products? Yes No

If 'Yes' to any of the above, please give full details below together with any other information which may be relevant:

Are you taking regular and/or occasional medication? Yes No

If yes please give full details of ALL regular medication and dosages in the space provided below. Also include any occasional medication that you will be using on the event which could affect your ability to take part.

Your health:

You will be riding in varied conditions and in changing climates, often for long periods; therefore it is important that you are in reasonable health. If you have any medical condition which could be adversely affected by strenuous exercise or heat, or are in any doubts concerning your health, or taking any medication, you must get clearance from your doctor before returning this form. It is also your responsibility to inform us of any conditions that may arise in the period between completing this form and the event. It is important that we know about any potential problem well in advance.

You do not need to bring excess clothing unless you are planning to stay in India after the trip. Do not bring clothing, baggage or any equipment that you are worried about damaging as facilities during the event are at times basic. All luggage will be carried by truck.

IF YOU ARE RIDING A MOTORCYCLE.

A general note about clothing for Rajasthan:

It is important that you are as comfortable as possible in your riding kit to ensure that you can direct as much of your attention as possible to the road or track ahead. Temperatures start very cool in the morning and rise throughout the day to around 30 degrees or more so make sure you can remove layers to avoid overheating and to give you the ability to adjust your kit to suit the conditions.

HYDRATION PACK (ESSENTIAL – 3 LITRE CAPACITY STRONGLY RECOMMENDED)

This is the best way to carry drinking water; the pack is carried in a purpose-made rucksack and the water fed through a drinking tube. This enables the rider to keep hydrated without the need to remove the helmet. The rucksack can also be used to carry small items of kit.

HELMET (ESSENTIAL)

Any helmet that has approval for road use is acceptable and must be worn at all times when on the bike. The ideal type is the motocross or enduro helmet as it has the best compromise of features for riding in Rajasthan. The peak acts as a sunshade, the chin guard gives good protection and ventilation, and the overall design allows the comfortable wearing of goggles – strongly recommended for keeping out dust! Tinted goggles are advisable over sunglasses for the same reason. However, your road lid will be suitable for the event.

UPPER BODY ARMOUR (ESSENTIAL)

There are a few different styles of body armour available; the hard plastic ‘rooster-tail deflector’ or tabard style, the ‘all-in-one’ mesh jacket (which includes hard armour in all the vulnerable areas and a kidney belt) or separate pieces of hard armour fitted into a jacket. It is down to personal choice as to which is most comfortable. It is important that elbows, back, shoulders and chest are as well protected as possible.

JACKET (ESSENTIAL)

A textile motorcycle jacket is highly recommended as they usually feature a removable lining. This is ideal as it allows adjustment of kit according to temperature changes during the day.

PROTECTIVE TROUSERS (ESSENTIAL)

Hard wearing and breathable are the important features, beyond that it is down to personal choice. Textile, as opposed to leather, is preferred as leather is too hot and restrictive for the conditions. Motocross or enduro pants are ideal, although alternatives such as reinforced denim jeans or combats could be considered. It is essential that adequate knee protection is worn, the hard type being recommended.

MOTORCYCLE BOOTS (ESSENTIAL)

Sturdy, over the ankle, motorcycle boots are essential.

Continued overleaf.

GLOVES (ESSENTIAL)

We recommend that you bring a lightweight/summer pair of gloves that offer good protection

WATERPROOFS

As we travel in winter time it's highly unlikely to rain so waterproofs are not essential however rain is still possible. If you do get wet you will dry very quickly so pack a light set if you want to be extra careful.

TANK BAG

Not required as all the bikes are fitted with soft panniers. Please bring some type of waterproof bag for your valuables, mobile phone, camera etc.

BASIC FIRST AID KIT (ESSENTIAL)

To include a sufficient supply of any personal medication. Items that may be very useful include rehydration salt sachets, paracetamol, ibuprofen, antiseptic cream and sticking plasters.

ANTISEPTIC ALCOHOL-BASED HANDWASH (ESSENTIAL)

SUN BLOCK (ESSENTIAL)

A high factor is strongly recommended.

SUNGLASSES (ESSENTIAL)

MOSQUITO REPELLENT (ESSENTIAL)

TORCH

A head torch is very useful.

WASH BAG, SCARF / BANDANA (TO PROTECT NECK), FLEECE / PULLOVER, TOWEL, TRAINERS OR SANDALS, T-SHIRTS, FLEECE, CASUAL TROUSERS, SWIMWEAR, BUNGEE CORDS...

and finally EAR PLUGS - *To protect against snoring room mates!*

Riding conditions in Rajasthan are very good.

We will be riding mostly on tarmac roads across the desert plains which are beautifully smooth. You need to watch out for sand covering the road sometimes and the occasional pothole. It's not so much about your riding ability, it's more about your attitude.

Our participants all have different riding capabilities, but we all tend to share a positive attitude, a sense of humour and a passion for adventure. Our days are planned so we can stop and take photographs of the incredible scenery, have regular breaks to take on fluids and grab something to eat.

You'll soon grow to love Chai.

What should I expect with regards to the accommodation and will I have to share a room?

The accommodation we stay in during the rally will be of top quality. We will stay in centuries old forts, ancient palaces and luxury desert camps. There is no point coming to Rajasthan and not experiencing what it has to offer. It's unlike anywhere else in India when it comes to offering luxury accommodation. The rooms are allocated on a twin sharing basis and if you are travelling with a friend or partner we will do our best to accommodate you accordingly provided we are aware of the situation well in advance of the trip. If you are travelling on your own you will be expected to share with another solo participant. If you require a single room to yourself this would be at an extra cost to you which you can pay to the hotels during the trip subject to availability.

Do I have to return from India on the date specified?

No, If are you able to extend your stay we would recommend that you do so. India is a wonderful country and offers much to those wishing to explore.

Do I book my flights through you?

No, you will be responsible for booking your own flights. You will find the travel arrangements in the "HOW TO GET HERE" section on your trip page.

Do I need to be an experienced rider?

No. We ride on the left side of the road and it's important that you feel comfortable riding a motorcycle in India. We would suggest that you have ridden regularly prior to the trip however it's not essential.

Can I bring a pillion?

Yes, the organisers reserve the right to request a pillion passenger to dismount and travel in one of the support vehicles at any times when weather or road conditions deem it necessary. Pillion passengers need to pay \$3,495.00 USD (three thousand, four hundred and ninety five US dollars) to take part in the event. Please make sure that any intended pillion passenger is able to complete the trip on the bike as space in our support vehicles is severely limited. Any such space has to be prioritised for any participant with an injury or illness and pillion passengers will not be able to choose to hop in and out of vehicles at will.

Do I need to be reasonably fit?

You do not need to start marathon training but it would not hurt to increase your cardiovascular workout. If you are not doing any exercise and have no desire to join a gym then we recommend that you try to walk at a fast pace for a minimum of twenty minutes three or four times a week. For those of you who are members of a gym carry on as usual. Stamina is important because the combined effects of long arduous rides at altitude in hot and/or cold conditions, on badly maintained roads can leave you exhausted. Combine this with early starts, little sleep and new food it becomes clear your body needs as much help as it can get. A small amount of effort prior to departure can make all the difference.

How much will it cost?

The cost of participation in our Rajasthan events can vary depending on the trip. We require a booking deposit of \$850.00 USD (eight hundred and fifty US dollars) which is non-refundable but deductible from the overall total.

What is provided?

Almost everything depending on trip participant numbers. Use of the motorcycle, fuel, accommodation, breakfast and dinner, mechanics, medics, team leaders, radio crews, luggage services and support vehicles.

Continued overleaf.

What is not provided?

Costs which are the responsibility of the participant, not Nomadic Knights, include: travel arrangements out with our proposed itinerary, any costs pertaining to inoculations; the cost of your visa and personal travel insurance; lunch/snacks; your drinks in the evenings; telephone calls.

How much luggage can I bring?

Some airlines usually restrict hold luggage to around 20kg so pack light! Please check with your airline to confirm these details as they do vary.

Is there anything I should not bring?

Nomadic Knights recommends that you do not bring any valuables; this includes laptops and other electrical equipment. We recommend that you do not bring clothing or footwear that you are worried about ruining. Expensive camera equipment should be insured and well protected.

How much spending money will I need?

You will need to bring some spending money with you but you will not need a great deal! Whilst recognizing that everyone's spending patterns are different, as a rule of thumb we recommend that you allow 2000.00INR (around 30.00USD) per day. This should cover any drinks or food that you may want to buy throughout the day and evening.

Do you tip?

Tipping is discretionary, it is usual to tip porters at a hotel but they should not expect it. Please ask if you are unsure how much to tip. At the end of the challenge we will hold a collection for the drivers and mechanics that help us throughout the trip. You will find them invaluable and incredibly helpful.

Should I bring pens / sweets / gifts for the children?

No – please don't. We travel through rural areas of India which see very few tourists. From past experience this can lead to problems where the kids very quickly come to expect gifts of this sort. Let's just keep it to smiles and hand-shakes.

Will electricity be available?

Yes. Remember to pack a world adaptor if you need to charge your camera, phone, etc.

Will laundry facilities be available on the trip?

Yes.

What will the food be like?

Forget almost every Indian restaurant that you have ever been in, the food in India is incredible! There is enough choice to keep everyone happy and, contrary to popular belief, not every dish is heavily spiced or ridiculously hot. Whilst we encourage you to try as many different dishes as possible we also understand that Indian food on a daily basis is not to everyone's liking. Taking this into consideration breakfast will usually consist of toast, butter, jam, scrambled eggs, porridge, fruit, tea and coffee. Dinner will usually be Indian. The food will be a mixture of vegetarian and non-vegetarian.

When you are on the road we recommend that you try to avoid meat. Whilst most roadside vendors offer nothing but the best and well cooked food there is always the possibility that you may get one who is not so scrupulous. Should you decide to have meat, make sure that it is thoroughly cooked. Any fruit should be of the peelable variety. The most important thing is to think before you eat.

The variety of foods is endless and it will not take long to find a favourite, just remember before you take any risks that it is your stomach which will have to bear the consequences! Biscuits, chocolate and soft drinks are readily available at chai stops throughout the day for an added energy boost. Bottled water is also readily available – always make sure that the seal is secure. One of the best drinks is chai – hot tea as sweet as a tin of condensed milk which can be bought at the roadside. Despite the sweetness it is strangely refreshing and can be bought for pennies a cup, offering you the chance to buy a round at every stop! If you have time, watch the tea being made and poured, it beats throwing a tea bag in a cup and adding a splash of milk any day.

What will the weather be like?

We travel in Rajasthan at a time when the monsoon rain is finished. Rajasthan is the driest state in India with the least amount of rainfall. It can be quite cool in the mornings when we set off and although it's bright sunshine with blue skies all day long it cools again in the evenings. October to March is the best time for travel in Rajasthan and it's unlikely that it will rain. If it does then it will probably be a short shower that dries up very quickly.

Min temp: 5 °C, Max temp: 30 °C.

What visa do I need?

All participants will require a visa to visit India. You will most likely require a tourist visa. There are numerous agencies that can process your visa application for you and details for filling in your visa can be found in the "Important Information" section on our website. The visa you need is a multiple entry tourist visa. This is a non-extendable visa and becomes valid from the day of issue, so please be sure not to mistime your application. Please remember to state that you require a 'Tourist' visa. Whatever your nationality, please check with your local Indian Embassy/Consulate / High Commission. It is your responsibility to ensure that you are in possession of all necessary travel documents before departure.

What inoculations would you recommend?

You will be travelling in the state of Rajasthan, North West India so check with your GP for advice.

Do I need travel Insurance?

YES - participants MUST be covered by suitable travel insurance. This must include adequate provision for riding a motorcycle up to 500cc in a foreign country and medical and repatriation insurance. You are NOT required to cover the motorcycle itself – third party cover is provided by the organisers but if damage to the motorcycle occurs due to rider error you are liable for the cost of repair. The organisers strongly recommend that suitable travel insurance is obtained by the participant as soon as possible after signing up for the event as this should provide cover against cancellation charges, unexpected curtailment of the trip, medical expenses arising overseas, loss or damage to luggage and personal liability claims. It is your responsibility to ensure that you have suitable cover. You must carry the original of this insurance document with you at all times during the rally.

Do I need an International Driving permit (IDP)?

YES. You must carry the original document with you at all times during the rally. You can generally find out how to obtain your International Driving Permit by contacting a motoring organisation within your own country.

How is the event structured?

Shortly after arriving in the Rajasthan you will take part in a 'warm-up' session which will enable you to get used to the motorcycle and the riding conditions before embarking on the event. Each morning during the rally there will be a briefing on safety aspects and that day's route and some evenings will include a 'cultural' briefing about the areas you are travelling through. Each day will have some planned stops but there will be plenty of opportunities for you to travel at your own pace and stop where required. We encourage you to do this – the photo opportunities are second to none and you must take some time out to meet the incredible people of Rajasthan.

The group will be accompanied by medical back up and there will be team members on motorcycles and in support vehicles who will move amongst the riders and drivers throughout each day. Nomadic Knights team members will spread out amongst the group to offer any help that may be required and to ensure that the appropriate pace for that day's journey is being maintained.

We will allow you as much flexibility and freedom as we can in this regard, there may be times when we will have to impose some control over your driving or riding to ensure that we reach that night's destination at an appropriate time – i.e. before dark!!!

Do I need a Full Motor Vehicle or Motorcycle Licence?

Yes. You must hold a current and full motor vehicle licence at the time of the event. Riders will not be able to participate without proof of a valid licence. A provisional licence is not sufficient for participation in this event.

Can I use the motorcycle in the evening?

No, we cannot allow you to ride independently of the group for both safety and insurance reasons.

All participants will require a Visa to visit India.

You will most likely require a tourist visa. There are numerous agencies that can process your visa application for you and details for filling in your visa can also be found in the “Important Information” section on the Adventure pages of our website.

Here are a few links to the official visa application services, however each country has consulate approved agencies:

Dear Adventurer

My first visit to India was in 2006 whilst taking part in a charity motorcycle adventure. I was personally touched by what I saw and discovered here and it really was a humbling experience. I realised how fortunate we all are in the western world and the problems that we think we have are nothing compared to the problems India's children face.

A few years later I met the trustees of Adventure Ashram and Fritha, project manager and fundraiser for the charity. They had a huge impact upon me. Adventure Ashram is the adventurers' charity. Through purposeful adventure they raise funds to grant to small, grass roots charities improving health and education in the places we explore. They measure the impact of their work by regularly visiting the projects, questioning the people who benefit, observing what has changed in their communities and by identifying tangible outcomes from the improvements in health and education.

I made up my mind there and then that I would do all I could to help the causes that were so dear to their hearts. Adventure Ashram do amazing work and I have witnessed first hand the benefits that their child sponsorship programme has made to the current 230 children they support. I have spent time in the villages and schools where because of the money donated by Adventure Ashram and it's supporters of adventurers, their children are now attending school and receiving life changing education. They all live in the very dangerous elephant corridor in Masinaguidi, so Adventure Ashram have purchased 3 buses to ensure they can attend school safely.

I can never explain in words the feeling that I experience when I visit the children, and share their absolute joy and happiness due to the fact that someone, somewhere in the world cares enough to help. I feel embarrassed by what I take for granted when I see the poverty many of the children live in. This work needs to continue as there is still much to be done. I am passionate about India, I now live here full time with my incredible Indian wife Vidhya. I am here to stay. I also want to help make an impact.

Adventure Ashram need your help. Many of you will have travelled in India before and will have seen first hand the needs that exist here. So, I am asking you personally to sponsor a child. On the following pages Adventure Ashram has provided all the information you need to get involved. It's natural to want to help people less fortunate than ourselves and it's just 12.50GBP per month to change a life of a child.

Thank you.

Alex Pirie

Will you sponsor the education of a child in India?

Adventure Ashram runs a child sponsorship programme for children living in 7 villages within or on the outskirts of Mudumalai Tiger Reserve, Tamil Nadu, India. Before our support began in 2011, the children were unable to attend school. The school fees were unaffordable for their families, and their route to school, through the elephant corridor, too dangerous.

Thanks to adventurers who travelled through the area, over 230 children are now being supported, and in addition Adventure Ashram's Partners have provided 3 school buses.

However, still more children need our help. Just **£12.50** a month can pay for a child to attend school everyday to access the education they deserve. Being supported and encouraged to gain a good basic education, with some computer literacy and confidence to speak English, our children will be prepared for a future in further education and employment.

Please sign up to a monthly standing order commitment and guarantee your support. Full details of the project are available to view and download at www.adventureashram.org/projects

Thank you from all the *Adventure Ashram* trustees.

Please join us in sponsoring and securing another child's education. See next page for more details.

Sponsor the education of a child in South India.

How much will it cost?

Just £150 will pay for one child to have:

- 1 year of school tuition
- School bag with note books, pen, pencils, drawing books
- 2 school uniforms including socks and shoes
- After school activities like dance, music and computers
- Regular health check-ups and vaccinations
- Safe transport* to and from school

**3 school buses and drivers funded by Adventure Ashram*

Indian registered charity, Grace Charitable Trust, run by Solomon Daniel and his team of teachers will ensure each child receives the above.

A sponsor's story

'I have found sponsoring a child's education to be one of the most satisfying gifts you can give. Sponsoring a child in India had the added bonus for me of being able to visit their school and meet the children and see for myself how the children were improving and growing as individuals, and how they and their families were benefitting from their education. These children don't take education for granted, they cherish it and they thrive on it and it will benefit them and their families for life. What greater gift can be given to anyone?' **Wendy Smith** Adventure Ashram Trustee
